50% PROFIT - BULK DELIVERY

- ∞ School/Group enters orders into a Excel Spreadsheet that I provide (spreadsheet auto-populates totals and prizes earned)
- ∞ **Order by the “Case” (15 individual boxes to a “master case”)** and delivers in “bulk”
- ∞ Order **delivers within 10 business days**
- ∞ I will email you “packing slips” (1 for each student) which makes picking the order easy to read and also includes prize level earned
- ∞ To give you an idea of ‘packing time’: a \$8,000 order/\$4,000 profit, with 3 to 4 “pickers”, will take about 3 hours to pack.
- ∞ You will know which items and how many will be “leftover” when your order is placed. Some groups sell their ‘leftovers’ on pick up days; others try to ‘find a home’ prior to delivery. Shelf life is 9 months, so any leftovers not sold right away can be stored for sale; great for special holidays/occasions like Mothers Day, Valentines Day, Thanksgiving, Christmas, Easter
- ∞ PROFIT IS 50%

Shipping & Sales Tax:

- ∞ Orders over \$2,000 (54 or more cases), only the \$30 fuel surcharge applies
- ∞ Orders less than \$2,000 are charged \$60 shipping (\$30 freight + \$30 fuel surcharge)
- ∞ Sales Tax DOES apply if your billing zip code has a “Food” tax. (Food Sales Tax rate is the difference b/w the State Tax Rate & your County Tax Rate; for example, if your county rate is 7%, then that means food rate is 1%, if its 6%, then food is 0%)
