Why Bamboo Viscose is Better...

Ultra-Dry
 Bamboo wicks moisture away so your feet stay cool in the summer and warm in the winter, are odorless, and stay moisture-free all day long.

Ultra-Soft
 Wrap your feet in a loving embrace. Bamboo fibers are twice as soft as cotton, more durable, and will help prevent blisters.

Green & Natural
 Bamboo is an outstanding sustainable resource. It grows fast, needs no irrigation, fertilizer, or pesticides. Plus, no chemical additives or treatments are used when making your socks.
